ACTIVITY IN REAL ESTATE.

New Buildings Nearing Completion and Others to be Erected.

NUMBER OF CHOICE LOTS SOLD.

During the past few weeks there has been much activity in real estate. A number of choice building lots have changed hands, the new buildings are nearing completion and a number of others have announced their intention of building business houses. Cloverport is certainly enjoying another building boom, which is yet in its infancy, but will see the entire burned district rebuilt in a few years. This is the prediction of one of our most prominent business men. Many will build who would not if Cloverport had not secured new industries this year. As everyone has remarked, "one thing leads to another."

F. T. Heyser will erect two business houses on the part of the Jas. Mooreman lot he bought from Short & Haynes. He will conduct his restaurant and confectionery in one and will rent the other. Judson Combs has spoken for part of the latter building where he will locate his commercial parlors. He contemplates putting in a number of bath rooms, which will be rented to the public.

Dr. F. L. Lightfoot's new office building will consist of four rooms and be a model of convenience. The building will be a brick structure and will have a porch on one side extending the length of the building. Dr. Lightfoot will reserve part of the building for his own use.

It is now almost a certainty that Cloverport will have a new hotel, to be built by a local party. If all the arrangements now under consideration can be made the hotel will be a certainty. Further particulars will be given when every arrangement is completed.

Conrad Sippel bought the Wm. Beavin lot, frontage twenty-two feet, on the north side of Main street. The lot is the second one on the east side of Fred May's butcher shop. Mr. Sippel bought it at Commissioner's sale and contemplates building a shoe shop for his own use.

F. T. Heyser's new residence on First street and the two residences on Main street, built by the Cloverport Real Estate and Improvement Company, are nearing completion. F. D. Plank has bought the company's residence on the east side of the Hamilton lot. He will complete it himself.

The Cloverport Real Estate and Improvement Company is now waiting for a deed to the Reid lot east of Pate & Oelze's grainery and are contemplating the purchase of five acres of the Breckinridge Canal Coal Company's late addition to the city of Cloverport. This land will make excellent building lots both on account of location and drainage.

NEED MORE HANDS NOW.

More Tomatoes Delivered at Cannery and Preparations Made for Big Run.

The Polk Packing Company's cannery was in operation several days last week and several thousand cans of tomatoes were put up. The rain caused the delivery of the tomatoes to be a little slow and, although only about half a force of hands were employed, it was sufficient to handle what tomatoes were delivered. During the days last week when the cannery was not in operation, preparations were made for a big run this week. Thousands of cans were placed in the factory last week and, as the delivery of the tomatoes is improving, a larger number of hands will be employed this week. The capacity of the factory is 30,000 cans per day and the scarcity of the tomatoes just at present prevents these many from being canned. The rain of four or five weeks ago damaged the crop and caused a part of it to rot.

The piping in the well at the cannery has been burst and Stiles & Morgan are drilling another well.

BOTH LABORED FOR THE GOOD.

Mrs. Martha E. Varble Of Owensboro Passes Away In This City.

MRS. NANCY J. PULLIAM DEAD.

Mrs. Martha E. Varble died at the home of her daughter, Mrs. J. O. Stevens, of this city, at 11 o'clock Sunday morning of dropsy, superinduced by Bright's disease. The funeral was held from the family residence at 2 o'clock Monday afternoon and the interment was in the Cloverport cemetery. The services were conducted by Rev. J. F. Vines, of the Baptist church, of this city, in the presence of relatives and friends of the deceased in this city and from Owensboro and other points.

Mrs. Varble was a widow, her husband, J. C. Varble, having died about twenty years ago. She was born in Ohio in 1827, but had resided in Owensboro during the greater part of her life. About six months ago she came to this city for her health, and has since resided with Mr. and Mrs. Stevens.

The following children are the nearest relatives of Mrs. Varble: Mrs. J. O. Stevens, of this city; Walter and Clay Varble, of Owensboro; Pink Varble and Mrs. Robt. Babcock, of Louisville.

Mrs. Varble also leaves three half sisters. They are Mrs. David Adams and Mrs. D. Mercer, of Owensboro, and Mrs. Hooker, of Pateville.

Mrs. Varble had been in failing health for several years. She had not been bed-fast but a part of the time. Thursday evening she became much worse and was not able to speak. She knew that her death was near and was prepared.

At the age of fifteen Mrs. Varble was united with the Third Baptist church at Owensboro. She was a devoted Christian and a most excellent woman. She bore her illness with great patience and was loved by all who knew her.

Summons Was Sudden.

Hartsville, Ky., Sept. 1.—(Special.)—Mrs. Nancy J. Pulliam, widow of Joseph E. Pulliam, died at her home near this place very suddenly, on Tuesday morning, Aug. 23. Her husband was the cause though she had been in her usual health, apparently.

The funeral services were held at the M. E. church, South, at the residence of W. F. Hogard, conducting the services. The interment was in the Hartsville cemetery. The deceased leaves two sons, James, of this place, and John, of St. Louis, Mo., to mourn her loss.

Mrs. Pulliam was a devoted Christian woman and a member for many years of the M. E. church, South, at this place. Her whole life was spent in faithful devotion to duty and all her influence was always on the side of the right.

One of the Best Meetings.

Irrington, Ky., Sept. 1.—(Special.)—The ladies' Mission Society, of the Elizabethtown District, was in session here Saturday and Sunday.

The meeting was well attended and was the best one held for sometime. More delegates and societies were represented than at any former meeting. Mrs. Bettie Whitehead, that very efficient officer, was present and that in itself was enough to make the meeting good. Miss Tula Daniels was just in her element in the missionary work, and a very rare treat was enjoyed when Dr. Julia Donahue, who was on the platform. The meetings closed Sunday evening by a sermon from Rev. Russell, of Big Spring.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness, or constipation you know what a purgative pleasure is. These pleasant little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Tex., says: "No better pills can be used than Little Early Risers for constipation, sick headache, etc. Sold by All Druggists."

SECURE NEW INDUSTRY.

Citizens of Cloverport Become Stockholders in Machine Shops and Foundry That Will Locate Here.

WILL BE A BIG THING FOR THE TOWN.

Cloverport has secured another new industry in the way of a machine shop and foundry. The affair will be strictly local, as it will be owned and managed by local parties. It will be capitalized and incorporated and will probably be known as the Christian Machine Shops and Foundry. Its name, however, will be decided upon later by the stockholders.

The new concern will repair all kinds of machinery and manufacture wire goods. Repairs on farming and household implements and machinery used in all kinds of manufacturing plants will be made here and formerly done in St. Louis, Owensboro and Louisville for parties and firms in this part of the State, will be done here. This will be a big saving for those who have had the work done and at the same time will bring money into the town. The L. H. & St. L. Railroad Company has already promised the plant all the work that it has previously sent to St. Louis and Louisville. As the Henderson Route shops are located here the work done by the founders for the shops can be secured at less expense and in less time than formerly. The railroad shops, in the last few years, have had all its castings made in outside cities. This item, alone, will be a big thing for the new foundry.

Mr. Madison L. Christian, of Louisville, owns sixty shares in the new concern and the remaining sixty are owned by local parties. Mr. Christian was born in this city and will move back here with his family. He is a son of Dr. Christian, a former Cloverport citizen, who, in the fifties, conducted some of the most important textile revivals ever held in this part of the State. Mr. Christian is a man of enterprise and high principles. Moreover, he is a good business man and an experienced machinist. He has been in this business for years and is conversant with it in every department. He will make an excellent citizen and is welcomed to Cloverport. Mr. Christian's love for his old home and the enterprise and business foresight of the citizens of

Cloverport have led to this city securing the machine shops and foundry. The citizens of Franklin, O., have tried to induce Mr. Christian to locate in that city. It is a beautiful place, as Mr. Christian says, but he is a Kentuckian and old Kentucky is the best place on earth for him. He has here last month to confer with the citizens in regard to the matter of locating a machine shops and foundry here. A public meeting was held and much enthusiasm shown. As all realized the benefit that Cloverport would derive from such an industry, stock was liberally subscribed by the citizens and Mr. Christian announced that he would locate here as soon as all necessary arrangements could be made.

The following letter, in part, was received from Mr. Christian by Marion Weatherholt last week:

Franklin, O., Aug. 27, 1903.
Mr. Weatherholt, Esq., Dear Sir:—I closed last here yesterday for machinery and building. 30 x 60 feet frame, in good condition. I took the building to get all the machinery and got more machinery than I had hoped for. The building will make a good foundry building. At present I am working it and will ship it the first part of next week.

Please rent a good house of seven or eight rooms for me and I will order furniture shipped at once.

Hoping to see you soon and to be a citizen of Cloverport, I am, Yours truly,

Madison L. Christian.

Mr. Christian has two sons who are machinists and will work in the foundry. His brother, Mr. Nole Christian, who is an evangelist, may move to this city with his family also. The location for the machine shops and foundry has not been determined upon yet. The industry will be operated on a small plan at first but the patronage it is expected to receive will steadily increase and then the plant will have to be enlarged and more labor employed. The management hopes to have it in operation within the next sixty days.

HAVE BOOKED BIG ORDERS.

Output of Roofing Tile Factory Will Have to be Increased to Meet Demand.

The starting up of the Murray Roofing Tile Co.'s factory is still prevented by the delayed shipment of some of the necessary machinery from Brynoria, O. They had up steam last week to test the machinery. All of it is in very good order except the shafting which will need some repairing. It is probable that the factory will not be in operation before the last of this month. The Company has had to cancel three big orders for tiling as it could not fill them in time. One of the orders was from Birmingham, Ala. While the delay in starting up the factory has caused this loss to the company, the big orders received for the product have shown that the demand from all parts of the country will be such that, when the factory is in operation, the output will have to be great to meet it. The factory will employ thirty or forty men this fall but next year the pay-roll will have to be increased as the demand for the product is becoming greater every year.

Buy's Cottage in Woodland.

Irrington, Ky., Sept. 1.—(Special.)—John Henry has purchased the cottage in Woodland of Mr. Montgomery and will move here in October. Consideration \$1,450.

Arm Broken by Fall.

Union Star, Ky., Sept. 1.—(Special.)—Howard Pate, a young boy, fell from a fence Sunday and broke his right arm. Dr. Milner set the bone and the boy is doing well.

FOLEY'S HONEY AND TAR

TO ORGANIZE IN NOVEMBER.

Baptist Churches of This County to Have an Association of Their Own.

MEET AT CLOVER CREEK CHURCH

The Baptist delegates who met in Hartsville Aug. 24, as published in the News, were from the following churches: Clover Creek, Friendship, Garfield, Goshen, Hartsville, Hites Run, Lost Run, New Bethel, Stephenson and Walnut Grove. The following are the resolutions that were adopted:

Resolved, That we recommend that each of the said churches, and such others as so desire, cause to be placed in their letters to the Association a request for letters of dismission.

Resolved, That the churches receiving letters of dismission be requested to appoint messengers to bear their letters of dismission and meet in council at Clover Creek church, on Nov. 27, 1903, at 11 o'clock a. m., for the purpose of organizing an association and transacting such business as may be necessary for the successful working of the body during its first year.

Resolved, That the brethren composing the council now convened be requested to lay the matters herein contained before their respective churches.

Resolved, That Goshen, Salem, and Perry county, in association, be requested to send brethren to sit with us in council at the above named time and place, and aid us in effecting the new organization in regular order.

Resolved, Further, That a committee be now appointed to prepare suitable articles of faith and constitution and by-laws and present them for consideration of the body that shall convene to organize the new association here in contemplated.

C. M. Payne, clerk.

Beat His Board Bill.

James Casey was arrested and taken before Justice Rodman yesterday on the charge of beating his board bill at Mrs. Ida Ware's house to the amount of \$48. The case was continued and he went to jail to await his trial next Wednesday—Saturday's Owensboro Messenger.

James Casey was arrested in this city Friday and taken to Owensboro by Marshal Willis.

Important Council Meeting.

The city council will meet in regular session next Monday night. This will be an important meeting as the report of the committee appointed to investigate the legality of issuing bonds for waterworks and the cost of same, is due to be made. The called meeting have been held last week was not held as City Clerk Oelze was not in the city and most of the councilmen were absent.

Became Ill While on Visit.

Mrs. Alberta Hilton, of Lancaster, who has been the guest of W. H. Lynch, of Mattingly, returned home Monday. She became ill while on her visit and was accompanied home by Mrs. Lynch. Friday evening Mr. and Mrs. Lynch entertained a number of young people in honor of Miss Hilton.

Plaintdealer Improving.

The Hawesville Plaintdealer, under new management and in new form, is rapidly improving. Will Sterrett, son of the late publisher, Jeff Sterrett, is editing the paper. Sam Jackson, of Hawesville, is a new contributor, both in prose and verse.

Tom Caley Seriously Hurt.

Glenwood, Iowa, Aug. 28.—Thomas Caley, of Owensboro, Ky., was seriously hurt here by a runaway team. He was unconscious fourteen hours and may not recover. His relatives at Owensboro have been notified.

No news has been received in this city by Mrs. John Burk, Mr. Caley's sister, and it is thought that the dispatch is an error. Mr. Caley, as is well-known, resided in this city for years.

TO BE SOLD IN TEN DAYS

Is Patton Brick Yard if Wages of Employees Are Not Paid After Judgment.

TRIAL IS SET FOR MONDAY.

The trial of the suits brought against the Perfect Communion Company of America and the Central Clay Product Company by twenty-nine former employees of the Patton brick yard, for wages for labor performed, is set for next Monday before Police Judge Willis in the city court. If judgment against the two companies is named is secured by the plaintiffs, and the claims are not paid, an execution will be served and the Patton brick yard will be sold in order to secure the amounts for which the companies are liable.

As yet the defendants have not filed an answer to the suits, but this can be done by motion on the day of the trial.

The following is a list of the claims and the plaintiffs:

Jack Weatherholt, \$32.61; David Swearing, Jr., \$30; H. L. Stader, \$34.50; Sam Deane, \$5; James Rickets, \$2; Court Babbage, Jr., \$2; Marrie Green, \$3.62; John R. Hyde, \$1.80; John Cummings, \$6.75; Will Jarboe, \$8.15; Charles Worley, \$12.25; Anderson DeHaven, \$8.12; Horace Newton, \$2.25; Henry Parson, \$6.75; Wm. Plank, \$11; John Bond, \$8.25; A. F. Farber, \$9.60; R. Williams, \$18.90; George Graham, \$12.25; James Pleasant, \$4.54; Tom Singleton, \$5; Ell Walker, \$1.75; Clyde Sanders, \$1; John W. Allen, \$16.20; E. H. Weatherholt, \$14.40; J. R. Polk, \$1.60; Matt Harper, \$10; Loge Fisher, \$8.74; George Weatherholt, \$9.40; Erby Hall, \$2.25.

Hal Murray, of this city, and Gas Brown, of Hartsville, attorneys for the plaintiffs, are confident of winning their cases. The outcome of the trial is causing much speculation and the court room will be packed next Monday to hear the arguments in the cases.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by All Druggists.

County Teachers' Institute.

Hartsville, Ky., Sept. 1.—(Special.)—The teachers' institute will be held here during the week beginning Sept. 28. Prof. J. C. Willis, of Lexington, will be the instructor, assisted by Mrs. Oelze, of Elizabethtown, Col. George W. Burt, of Lexington, will deliver a two of his best known lectures during the week, and the Ladies' Aid Society will give an ice cream supper in the Court House Hall on the same evening.

First Visit in Eighteen Years.

Mrs. William Everett and two children, of Wichita, Kan., are visiting her sister, Mrs. Jeff Miller, and brother, J. D. Sutton. Mrs. Everett was born and reared in Breckinridge county. This is her first visit home in eighteen years. At present she is with her aunt, Luther Hendricks.

Big Spring Wins Games.

Big Spring, Ky., Sept. 1.—(Special.)—The Big Spring ball team defeated the Irrington nine last Saturday morning in a game of 14 to 12, and defeated Bewleyville in a game Saturday afternoon by a score of 21 to 4. Webster defeated the Woodland ball team here Wednesday afternoon by the score of 29 to 13.

THE "KID GLOVE" CLASS.

By Mrs. Hattie B. Grinnell.

It is amusing to read of the "kid glove" party in this land of ours. It is equally as amusing to hear people talk against a man in politics because he has money. One would think we were in feudal England, which it doing a slow death march in the government of Great Britain. Our land is the only land where caste never has had a foothold. Freedom of effort is the go here. And freedom in America, as we know it, is freedom of opportunity and that freedom gives each and every man to choose his calling, to work out his own destiny and it is only restricted by the limits of his ability. Caste conventions do not fetter him. Are you a gentleman's son? Is never asked in this land as in England, but what are your qualifications, what is your ability, your experience. Our government's training school is a democratic one and all Americans, no matter how low their station in life, are welcomed at Annapolis or West Point, but it is not the case at Oxford and Cambridge across the waters. The lowly born are not wanted there, for they are intended only for the training of British gentlemen. Our institutions train thinkers and useful citizens from any station and strive to raise them to a higher plan of living. America is the

only land where rail-splitters and auto-drivers may become presidents. Shop clerks here can become cabinet ministers, day laborers rise often times to heads of railways and manufacturers to directors of vast industries. But we should all believe every man should earn his living and, like President Roosevelt said, "We have but little room for the idle." No willfully idle man has any place in a sane, healthy, vigorous community. There is something for everyone to do and our American idea is that all honest work is noble work and distinction can be won in the work shop as well as in the study.

We honor the mechanic as we do the banker if he achieves things. The public schools in England are not public schools at all in the American sense. Popular education enters deeply into our national life and we advocate educating the whole people. The most lowly born child is as welcome and showed the same attention as the highest official's child. Every young man or woman who strives to elevate himself or herself will find a helping hand. Then away with such silly ideas as a "kid glove" class. Call it envy or prejudice, which should have no place in an American born man or woman's breast. "Masses," "classes"—the lunge note of "old fudge." "Masses" can be "classes," in this land of ours and we honor any man who pushes to the front, no matter if his hands are horny from labor. If his heart is true and "it is better to have tried and failed than never to have tried at all."

Fearful Odds Against Him.

Bedridden, alone and destitute. Such is brief was the condition of an old soldier by name of J. J. Stevens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he is as healthy as the rosiest of the "roses." Very best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by Short & Haynes' Druggists.

INTERESTING EXHIBIT NOTES.

Tusks of Prehistoric Monster, and 300-Pound Meteor Among Kentucky Exhibits.

One of Morgan's men was J. M. Ledbetter, of Littlefield. He has offered the Association for use at the World's Fair a skull used by his interlopers. He says he has also a flint tool, 140 years old, an Indian pipe and other relics.

A collection of 510 snakes, of all kinds and sizes, will be exhibited at the exposition by John Vivion, who lives at the foot of Pilot Knob in Powell county.

Editor O. E. Hurst, of Millersburg, writes the Exposition Association that a collection of bones and relics of a prehistoric monster has been found at Lower Blue Lick Springs that is worthy a place at the St. Louis Exposition. He thinks it a collection that can not be equalled in the world. One skull of the monster, measures eight feet in length.

Thos. E. Pergann, of Bath county, has a 300-pound meteor, the largest of several fragments that fell to the earth on Nov. 15, 1902, which he will send to the World's Fair.

The Kentucky Exhibit Association contemplates paying the entire expense of all live stock sent from the State to the World's Fair for exhibition purposes. The Exposition officials have offered \$250,000 in premiums. The Association may give in addition a medal to every Kentucky prize winner.

Mr. Chas. E. Braswell writes from Edgelyville that he has a medal awarded by the St. Louis Agricultural and Mechanical Association in 1870 to Neilman Bros. & Sons for best tur of iron, which he is ready to turn over to the Exhibit Association for Kentucky a display in the mines and Metallurgy Building at the exposition.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than thirty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhinney, Luton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It is always available and relief and is pleasant to take. For sale by Short & Haynes.

Only a Few Didn't Pay.

All owners of dogs residing within the city limits have paid their special dog tax for the past year, with the exception of probably half a dozen. The authorities have not had as much trouble in enforcing this ordinance this year as during some previous years.

BLACK-DRAUGHT STOCK AND POULTRY MEDICINE

Stock and poultry have few troubles which are not liver and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their feed. Any stock raiser may buy a 25-cent half-pint air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHESTER, N. Y., Jan. 30, 1902. Black-Draught Stock and Poultry Medicine has been tried. Our stock was lacking had when you sent me the medicine and now they are getting so fine. They are looking 25 percent better.

AN ADDRESS TO VOTERS OF KENTUCKY

Issued by State Committee
—OR—
CONSTITUTIONAL AMENDMENT.

Gentlemen: At a Commercial Convention of the State of Kentucky, held in the city of Louisville on the 23, 24 and 25 days of June, 1903, the undersigned were appointed a committee for the purpose of bringing the amendment to the constitution of the state which is to be voted upon at the November election this year, to the attention of voters of all parties in the state, and obtain for it the necessary number of votes to secure its adoption.

The amendment is purely a non-partisan measure, vitally affecting the interests of all citizens of the state, no matter what their party affiliations or occupations may be, or where their places of residence are situated.

The beneficial effects which will follow the adoption of the amendment are so vast that they can hardly be estimated. The evil that will result, if by any chance the amendment should fail of adoption, will be disastrous in the extreme to the best interests of the state.

The adoption of the amendment will not change in the least the present system of taxation in Kentucky for state and county purposes, as it applies only to taxes levied by cities and towns for their own local purposes.

The manufacturers, merchants and financial institutions in the cities and towns of our state are now tremendously handicapped in competing with those in other states by the provision which requires the payment of taxes to be levied on all personal property by cities and towns, for their local purposes, as is levied by them on real estate within their boundaries.

This provision does not exist in other states in which the competitors of our manufacturers, merchants and financial institutions are located, so that our people in these lines of business are at a great disadvantage in competing with those of other states, and the result is that our existing industries do not grow as they should, new industries are not established in our state in as large number and importance as in other states which do not possess anything like our natural advantages, but in which taxation is not nearly so burdensome and onerous as in Kentucky.

The provision of our constitution which the amendment after its adoption, will cure, also operates to drive capital from our midst, and compels that which remains with us to charge an higher interest rates when we borrow money than we would have to pay if money used in banking and financial operations was not taxed so exorbitantly for municipal purposes.

Farmers and country merchants of Kentucky, don't make the mistake of thinking the adoption of this amendment of the constitution will not benefit them.

If you want existing factories in our towns and cities to grow, so as to give employment to more men; if you want new industries to be established, em-

ploying still more men; if you want more consumers for your farm products and more buyers at your counters; if you want lower interest rates when you borrow money; if you want to lessen your state and county taxes; in a word, if you want as much prosperity throughout the length and breadth of our grand old commonwealth as prevails in other states, then vote for the amendment, and get your neighbors to vote for it.

Every existing factory enlarged, and every new factory brought into Kentucky through this amendment to our constitution, means

Lower State and County Taxes, for all the property thus brought in will go to swell the assessments for state and county purposes, which will enable the rate to be reduced.

Let the amendment be adopted by an overwhelming vote in its favor.

THE CONVICTION OF

CALEB POWERS.

The military court by whom Mrs. Surratt was condemned to be executed for the assassination of Abraham Lincoln, and the Secretary of War who approved that sentence and the president who had it carried out, stand side by side at the bar of the world and of posterity as the authors of a judicial murder. If Caleb Powers is hanged this will be the verdict and judgment of the world on those who fabricated the perjured testimony, who enforced the perjured party by military and partly by promises of immunity and threats of punishment on those who delivered the testimony and on the tribunals before whom he was tried and by whom he was condemned. The atrocious prejudice of excited political hate justifying its verdict by pretended evidence in perjured testimony will not control that ultimate verdict to influence that settled judgment.

Caleb Powers committed grave and reprehensible mistakes: it was a grave mistake to induce the body of evidence to come to Frankfort—but it was not criminal and it was not intended to commit murder. He was intemperate in speech but so were many thousands of all parties. His acceptance of the pardon and his attempted escape in disguise and with an escort were extremely ill-advised; but neither was criminal, and the unrelenting, implacable and unscrupulous prosecution that he foresaw has proven that his judgment for the course his enemies would pursue was correct. The testimony concerning these mistakes has been most ably and most unscrupulously woven with the perjury of an infamous set of perjurers into a case which prejudiced jurors under the guidance of partisan courts have awarded justified conviction.

Truth is often lagged in divesting her fair limbs of the clothing of falsehood, but she does at last appear in her own noble and convincing majesty, and then those who have been deceived will be objects of pity; those who deceived, objects of execration.

Powers was guilty of bringing the mountain men to Frankfort: there was no causal connection between this and the assassination of Grover. We believe he was innocent of complicity in that crime; but his connection with the one act has been used as a pretense for his conviction of the crime. To whom the rewards will be paid is not yet known: they have been as well earned as were the historic thirty pieces of silver.

On the floor of the house of Representatives by a single sentence Gen. Butler destroyed the public career and drove into painful exile an eloquent and much applauded counsel and politician, Gen. Bingham. "I decline to yield to him who compassed the murder of an innocent woman." It may be that in the remote future in the face of some ambitious participant in the prosecution of Caleb Powers a similar retort will be flung.—Morning Herald, Lexington, Ky.

Mr. L. D. Addison is going to add a story to his residence and finish it up in colonial style, with a large veranda extending in front and half way around the old building. The improvements will add much to its appearance and make a lovely home. The work will begin at once and Mr. and Mrs. L. D. are to be congratulated. There is nothing so enjoyable as a good, comfortable home.

If you don't plant potatoes you can't expect to harvest them—if you don't advertise you will never get any returns. Walter Oelze is getting returns from his advertising every day. He has sold in the last week five zone phones. He lays it all to advertising. He uses the columns of the News freely.

The Powers verdict was so appalling to everybody that it struck them dumb. Nothing is being said about it. It is scarcely ever mentioned on the streets of this town. If Powers is innocent it is an awful, awful thing.

Making little sports of advertising is like trying to dispel a fog with a fan. If you wish to succeed you just keep it up.

Mr. Marion Polk, of Tobinsport, brought over a very fine sample of seedling peaches raised on his place. They are ahead of any California fruit we ever saw, and of much finer flavor. They would make a fine exhibit for the World's Fair.

Mr. Clarence Wheeler's residence just over the river from Addison's is a lovely, well-kept home. Beautifully situated on a high point overlooking the Ohio with trees, shrubs and flowers all beautifully kept, makes it an ideal spot and a home to be proud of.

Alf Roberts, of Powers Station, was here yesterday showing our clay workers a fine specimen of fire clay which he is mining on his place near Powers. Alf tells us he is married, has a good wife, is prosperous, healthy and happy, all of which he looks to be.

The tomatoes that are being delivered to the canning factory are of superior quality, fine size and uniform. The company is well pleased with the product and are making, they say, an extraordinary run for a new plant. Cloverport is very proud of its canning factory.

BARBECUE A BIG SUCCESS.

Everybody that attended the big barbecue at Irvington Friday was pleased with everything except the weather. The barbecue was given by Bewleyville Lodge No. 238 F. & A. M., to celebrate the fifth anniversary of its existence and the members and friends of the lodge, assisted by the Masons and good citizens of Irvington and neighboring towns, did things up in great style and made the day a most enjoyable one for everybody who was present. The Masons had widely advertised the affair and did not disappoint by not having the attractions they had advertised. They had worked hard for its success and were rewarded for their efforts by taking in a big sum of money and having between one and two thousand people enjoy the day with them. All the receipts went to the Old Masons Home, the people who attended the barbecue went away wishing the lodge could have a semi-annual event every year, and the Masons returned to the lodge in the best of the little town of Bewleyville, pleased with the success that had crowned their efforts.

The Cannelton Commercial Club band furnished excellent music for the big roasts and running, sack, potato and wheelbarrow races and the climbing of a walled pole furnished them with amusement. Among other attractions was the petrified Indian woman and papoose, in charge of Dave Henry. The woman is about six feet tall and the papoose is clinging to her breast. This curiosity is in a good state of preservation and has been in the Irvington neighborhood a number of years.

NOTES.

The women took an active part and did good work.

Brandenburg, Hardinsburg and Cloverport were well represented.

It was awful hot.

D. C. Heron worked for a week, night and day, and the success of the barbecue is due largely to his efforts and untiring work.

Mr. L. D. Addison took an active part and made the buggy go. He is still house from his much talking.

The good women who had charge of the ice cream stand and who did faithful and untiring work were Mesdames Winn, Lewis, Heron, Moreman, Chamberlain and White and Miss Little McCollopie. Rev. J. T. Lewis looked after the finances.

Billy Ditto and Henry Head, out-towners, took an active part and did excellent work.

Walter Oelze, the hostling musical man of Cloverport, was on the ground with his zophone and furnished an excellent entertainment for the music loving public.

Irvington knows how to do things, too.

Cloverport had a good representation.

Charlie Skilman was about the happiest man on the grounds. He captured the bugg.

The Henderson Route did the handsome thing, as she always does in giving a low rate.

Bon McLintock superintended the cooking of the meats with Bled Walker, and Jake Westbrock, of Cloverport, as chief cooks. The cooking and the meats were simply splendid. Ye gods! what meat and how we did eat!

Attractive Signs.

The Bank of Cloverport had an attractive sign painted on the big gate window at the Main street entrance last week. At the Elm street entrance the Cloverport Real Estate and Improvement Company had a sign painted, as the company holds its meetings in the office room of the bank.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

END CAME GENTLY.

Neither Parental Love Nor Medical Skill Could Save Little Elizabeth Beard

Hardinsburg, Ky., Sept. 1.—(Special.)—Elizabeth Ellen Beard, the infant daughter of Mr. and Mrs. Marvin Beard, died Sunday morning, Aug. 29, after an illness of about a week.

All that medical skill and parental love could suggest was done but of no avail. Death came so gently that the end was scarcely apparent to the anxious watchers by the bedside.

"We watched her breathing through the night, low. As in her breast the wave of life kept heaving to and fro.

"Our very hopes" belied our fears. Our fears our hopes belied—We thought her dying when she slept And sleeping when she died."

The funeral services were conducted at the home by the Rev. W. F. Hord, on the afternoon of the same day. The interment was in the Hardinsburg cemetery. The pall bearers were: Messrs. T. C. Toney, Charles Edmunds, Alfred Heston and Evan Royalty.

Elizabeth Ellen was four months of age, a bright child and the pride and hope of her parents. The sincere sympathy of the entire community goes out to them in their sad bereavement.

MALICE OF A JILTED LOVER.

Lee Smallwood Shoots Girl's Brother and Causes Arrest of Her Parents.

THE OLDER KEIZEE IN JAIL.

William Horn and his wife, who live in the southern part of Breckenridge county, near the Hardin county line, were tried before Commissioner Lee at Owensboro last week on the charge of selling liquor without paying the special government tax. Horn was held over to the federal grand jury and the case against his wife was dismissed. Horn was then released on a \$200 bond.

The evidence in the trial of Horn and his wife showed that the warrants against them were sworn out by Henry Lee Smallwood, of the Constantine neighborhood, who has given away a number of "shiners" during the past month. They claim that it is all "quite work" on the part of Smallwood. Smallwood, it seems, was jilted by Miss Surilla Horn, daughter of the prisoners, and they think malice has caused his action. Smallwood and his friend, Ova Barnes, swore that they had purchased liquor from Horn and Barnes, testified that he bought it from his wife. It is understood that Smallwood, himself, is now under indictment for shooting Miss Horn's brother from ambush, the shooting growing out of his rejection by the young lady. Smallwood formerly lived in the hills of Hardin county but is now located in Breckenridge county.

Ben Kelzee, another denizen of the hills of Breckenridge and Hardin counties, was tried before Commissioner Lindsey on the same charge for which Horn was held. He could not give bond and has been jailed in Louisville. He is the father of Bud Kelzee, who was arrested, together with Ed Richardson and Lon McGuffin, for running an illicit still. Elmore Day, who was two and a half years ago, illegally sold liquor on Rough creek, was arrested at Springfield, Ill., and taken to Owensboro and placed in jail by Deputies Watts and Williams last week. The revenue officers are making it hot for all moonshiners and illegal liquor vendors who intend the hills of Breckenridge, Grayson, Ohio, and Harlan counties, and it is hoped they will continue the good work until this section of the country is rid of every one of the law breakers.

What is Life?
In the last analysis nobody knows, but we know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Consumption, Rheumatism or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. Its ingredients, yet thorough. Only 25c at Short & Haynes' drug store.

SOME OLD-TIME RELICS.

Col. Edwin Forbes Writes That He Can Furnish Them for Our Centennial.

Fordville, Ky., Aug. 24, 1909.—Jas. D. Babb, Jr., Publisher Breckenridge News, Cloverport, Ky.—Dear Sir: As my time was out on your August 19 I send you check for \$1.00 for renewal of my subscription to the News.

If you hold your Cloverport Centennial as far back of doing this fall, I think I can furnish you with some old-time relics connected with the early days of Cloverport. These include some of the first hardware that was brought to the town by Col. D. R. Murray and the old sword of Gen. Busham that he used in drilling the early militia of Cloverport. The last time I heard of him using it was about the fall of 1850 when John Yast was elected captain of the Cloverport company. The sword is now owned by a grand-son of Gen. Busham and was willed to him by the general. Besides the above mentioned I think we can hunt up several other relics which will aid you in your old-time celebration.

Truly yours,
Edwin Forbes.

Were From Pinchcock.

A special from Hawesville says: "Robert Saunders and Mrs. Annie Spraggins, of the extreme end of the county, walked to this city and were married by Judge Stephens. Mrs. Spraggins was divorced from a former husband in July. The couple came from the famous Pinchcock, which none of the adjoining counties will claim, and is therefore hard to locate. The pair left their homes 10 o'clock the night before, arriving here at the same hour yesterday morning."

OUTRAGE AT WEST POINT.

Office of the Beacon Wrecked Printers Stoned and Arson Attempted.

REWARD OUT FOR MISCREANTS.

Thursday's West Point Beacon prints an account of the depredations which have been committed to the loss and inconvenience of the Beacon, its editor and employees.

About two weeks ago some miscreants "piled" a large quantity of type in the Beacon office. Last Friday night a week a letter was mailed to the editor, Lindsey Morrison, and the new foreman, Mr. Dempsey, stating that the office would be destroyed and the editor and foreman killed unless the paper was suspended at once. The letters were received Saturday and the same afternoon a stone was thrown through a window of the office at Mr. Dempsey by an unknown party. Sunday night some more type was piled, an attempt was made to burn the office and another stone was thrown at Mr. Dempsey. A man was running at the Beacon office and a number of citizens and the office force gave chase but did not catch the offender or learn his identity.

Recent developments have led the management of the Beacon to believe that the depredations were committed by West Point parties and a reward of \$50 has been offered for their apprehension.

The publishing of the Beacon has been honorably conducted by its proprietors and they have received expressions of sympathy from all good citizens who deplore this outrage on the peace of the town and the laws of the State and the United States.

MRS. CARRIE P. HANNAFORD.

New Life and Strength Came to Her.

A Massachusetts woman, Mrs. CARRIE P. HANNAFORD, of No. 69 Hale St., Beverly, Mass., who is well known socially there, being Treasurer of the Order of the EASTERN STAR, wrote her experience as follows: "Your 'Favorite Prescription' is, without a doubt, the finest remedy on the market today, for female difficulties. I suffered for four years with pains every period, and I dreaded the approach of the time as I knew it meant two or three days' misery. I tried several different widely-ventilated remedies, and found that they did me no good whatever. One day a friend called, who had suffered as I was suffering, and who told me that she had been cured through the use of Dr. Pierce's Favorite Prescription, so I purchased a package. I found that the real value of your medicine was greater even than my expectations, and the next month I had hardly any pains. The following month had none at all, and found that my general health was much better and new life and strength had come to me.

"These are the actual facts, and I feel that it is due to you that I should write you."

Sincerely yours,
Mrs. CARRIE P. HANNAFORD.

To Hon. R. V. Pierce, M. D.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of colds, tight lacing, and imprudent care of the womanly system. Many a woman would look beautiful, have a healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-to-use Prescription, used a great many years by Dr. R. V.

GOOD THING FOR PATESVILLE.

Marlow & Evans Employ Thirty Men and Twelve Teams to Cut Staves.

Messrs. M. V. Marlow and L. B. Evans are now employing thirty men and twelve teams in cutting staves at Patesville. They have cut 50,000 staves on the Ohio, Downs tract of land, near Patesville, since they moved their stove machine, including a modern drum saw, from Hawesville. They expect to cut at this season 100,000 staves. The saw embraces a fourteen-tract of land. They expect to finish their work by September 20, when they intend to take their machine to Tennessee. Most of the staves are sold to the Cincinnati Coopers' Company. The best grade of staves now sell for \$26 and \$30 per thousand, and those employed in the industry now make \$1.25 and over a day, where they formerly made 50 and 75 cents per day. Messrs. Marlow and Evans are experienced stove men and are well liked by all who deal with them.

The Suffering of Eating.

Persons suffering from Indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. The remedy is a never failing cure for Indigestion and Dyspepsia and all complaints affecting the glands or membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Hen's Nest Thirty Feet High.

John Ed. Wells, of Axtell, has found a hen's nest thirty feet above the ground. He saw the hen fly up the tree and then heard her cawing. He climbed the tree and found the nest at a height of thirty feet. It contained six eggs.

CASTORIA.
The Kind You Have Always Bought
Bears the Signature of *Dr. H. H. Pitcher*

Pierce in his large practice as a Specialist in women's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic. It is purely vegetable.

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It cures headache, backache, nervousness, sleeplessness and other consequences of womanly disease. "Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

\$500 Reward FOR WOMEN

WHO CANNOT BE CURED.

Packed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Protrusion, or Falling of the Womb which they can not cure. All they ask is a fair and reasonable trial of their means of cure. Their financial responsibility is well known to every newspaper publisher and druggist in the United States with most of whom they have done business for over a third of a century. From the fact that it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not having their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out," as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation, especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

WORLD'S DISPENSARY MEDICAL ASSOCIATION.

603 Main Street, BUFFALO, N. Y.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription.' Says Mrs. H. S. Jones, of Dorset, N. C. 'When I began its use I was a physical wreck and had despaired of ever having sound health again. Could not sit up all day. I needed a great improvement before the first bottle was all used. My work with almost every pain that a woman is subject to had inflammation of the breasts, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired.'"
